Dear Dore Methodist Crafting Group,

WOW! You are all so incredible. Those twiddles are absolutely perfect. I can't believe how quickly and how many you have made.

Thank you so much for 'Crafting for Good', and for being some of our best and most prolific crafters! Thank you for being part of Team Sheffield Hospitals Charity!

Best wishes.

Katherine

*The Friends of the Children's Hospital are a group of volunteers who raise money to support patients. They run a shop inside the hospital selling toys, gifts and other useful items and the money goes directly to the children's wards to fund toys, equipment, and specialist teaching materials. They are grateful for our support as this is where we send a lot of the items that we make..... so keep on knitting and sewing for them. - you really are helping lots of children*
