13-30 -15-30 Leadership Team Meeting

An event at Christ Church.

We have received an invitation to attend a local screening of the *People's Emergency Briefing* film on the threats to British life from ongoing damage to nature and to our climate, at Christ Church on Thursday 25th June at 7-30 p.m.

The film features footage from last November's National Emergency Briefing, bringing together leading UK experts in climate science, food security, health, economics, national security and nature.

It presents a calm, evidence-based overview of how the climate and nature crisis is affecting everyday life in Britain - and what the science says about risks and responses.

The initiative is explicitly non-partisan and supported by a wide range of organisations, including the Church of England, National Trust, WWF, the Royal Meteorological Society and many others.

Faith communities have long traditions of stewardship, care for the vulnerable, and intergenerational responsibility. We believe this is an important moment for thoughtful, compassionate local dialogue.

Following the 50-minute film, we will host a structured discussion about what this means for our community.

The tickets are free but booking needs to be made via the following link:
